

RentalSeries

Rental Management for NetSuite

Built on the NetSuite platform, you can now rent your equipment or products to customers and effectively track the rental items. Your **RentalSeries** inventory is managed separately without impacting your balance sheet. Our intuitive solution tracks contracts, reservations, inventory by location, rental invoicing, scheduled returns and sends alerts for renewal. Sererra's RentalSeries is flexible enough to adapt to any rental business from party rentals to heavy equipment.

FEATURES
